

TBL CAPITAL SUMMER INTERNSHIP OPPORTUNITY

Organization Overview:

TBL Capital provides patient growth capital focused on the needs of the entrepreneur with a balanced emphasis on “people, planet and profits.” Our firm invests in entrepreneurs who are committed to building companies with strong triple bottom line returns. TBL Capital invests in a range of socially beneficial sectors including consumer products, service providers, software, clean technology, green building, health and wellness, and retail.

Location: San Francisco Bay Area

Job Description:

Throughout the summer, as a TBL Capital intern, you will work in the following fields:

- Venture capital investing. Gain direct investment experience in venture capital focused on companies generating positive social and environmental impact by contributing to all aspects of new deal evaluation from business plan screening, financial analysis, desk and field due diligence through deal closing (timing dependent).
- General management, operations, and entrepreneurship. Contribute to strategy and development of cutting edge social impact venture capital firm. Work directly with one of our six portfolio companies on mission-critical initiatives.

Qualifications:

Ideal candidates will have a minimum of 3-5 years of full-time work experience and are current MBA or graduate students. Other desired characteristics include:

- Proven commitment to social change through innovation and entrepreneurship
- Demonstrated analytical rigor, strategic thinking and operational experience
- Collaborative team player and creative thinker

To apply, please e-mail your resume and a cover letter to Susie Lee at: slee@tblcapital.com with “Internship Application – Your School – Your Name” in the subject header.

We thank you in advance for your interest in TBL Capital.
